

Produktdatenblatt

ECO Alco-Clean

Effortless cleaning with streak-free drying and the added power of alcohol. Suitable for plastic surfaces, painted and varnished surfaces, floors, stairs, fittings, and sanitary areas.

A cleaner with the additional cleaning power of alcohol. Provides excellent wetting properties and dries without streaks. Suitable wherever water-based cleaning is required. Ideal for manual cleaning as well as use with cleaning machines and mop systems.

Areas of Application

Suitable for all washable surfaces, especially floors (coated and uncoated), stairs, plastic surfaces, painted and varnished surfaces, fittings, and the entire sanitary area.

Dosage

For routine cleaning, apply undiluted to a wet sponge or cloth.

Light to normal soiling: 50 ml per 10 L of water (0.5%)

Heavy soiling: up to 200 ml per 10 L of water (2%)

Please follow the recommended dosage instructions. Correct dosing reduces water consumption and water pollution.

Application Instructions

Floors: Apply the solution – scrub – vacuum or mop up.

Walls and surfaces: Wash the surface and wipe again with a wrung-out cloth.

Special Instructions

Wash walls from bottom to top to prevent streaking.

Test painted and varnished surfaces for colour fastness before use.

Dispose of contents and container in accordance with local, regional, national, and international regulations.

The manufacturer accepts no liability for damage resulting from improper use.

Technical Data
